At Discover English I had a very good experience. Teachers and all administrative staff were always keen to help me. I did a few weeks of General English before EIAP, they were quite useful because it gave me more bases before doing such an advanced course like EIAP. I finished at Discover English after 15 weeks of EIAP. I believe this is the perfect course for those planning to do further studies. EIAP prepares you for more professional English and gives you much confidence when doing academic writing.

I am not an exam person, so not having to take the IELTS test was a huge advantage for me. I studied hard when doing the EIAP Course and now I have a direct entry to William Angliss to start my studies.
